**1973 Jensen Interceptor**

**Registration No:** FWW 73L

**Chassis No:** 136/8154

**Mot Expiry:** March 2014

This stunning right-hand drive example sports Metallic Mica Black bodywork and a Black leather interior. In recent times it has benefited from the fitting of new brakes (callipers and discs), dampers, springs and a stainless steel exhaust system. The vendor currently describes the bodywork and paintwork as "very good to excellent" and the interior trim, 7.2-litre V8 engine and automatic transmission as "very good". The odometer is currently registering an unwarranted 43,303 miles and the Jensen is being offered complete with its original Stereo 8 cartridge player and range of tapes, plus a history file containing receipts for the many thousands of pounds that have been invested in its upkeep. It is MOT'd until March 22nd 2014 and on SORN.

**PLEASE NOTE:** The vendor has informed us that this vehicle is eligible for Historic Road Tax.
