1972 Triumph TR6

Registration No: GHH159L

Chassis No: CP/77314-0

Mot Expiry: June 2014

Finished in red with black leather interior, this example of Triumph's swansong hairy-chested sports car has been the subject of restoration work carried out by its owner and Clark Dawson. The vendor undertook mechanical work on the engine, gearbox and transmission whilst Clark Dawson attended to the respray. A new wiring loom was also installed. Following completion of the work, the vendor describes the bodywork, paintwork, engine, transmission and interior as all being in "good" condition. With its lusty 6-cylinder engine fed by twin SU carburettors, the car is believed to have covered an unwarranted c. 75,000 miles and is offered with Swansea V5 document.

PLEASE NOTE: This vehicle has an MOT until June 2014.
