

The Pavilion Gardens (67)

Wed, 28th Jul 2004, The Pavilion Gardens

Lot 90

Estimate: £3000 - £4000 + Fees

NK Daimler V8-250

Registration No: HFJ482E

Chassis No: TA11054BW

Mot Expiry: None

We understand from the entrant of this late-entered Daimler that the Mk2 250 has been preserved under cover in storage for the last ten years. He also tells us that the righthand drive saloon with automatic transmission has been in recent receipt of a service and an MOT test (potential buyers are advised to check out the pass certificate with our documents office here at Buxton).

Current condition of the 4-door bodyshell is described as good with metallic blue paintwork and blue leather interior both average. The 2.5-litre 8-cylinder motor is reportedly in excellent order and the 3-speed automatic transmission also good. The vendor claims that this is a very solid motor car which drives very well.
