'James Hunt and the Grid Girls'

A large format true-photographic monochrome print depicting the World Champion racing driver in the arms of the 1976 British Grand Prix grid girls. Scanned from an original, then digitally enhanced, colour-balanced and edited to remove all imperfections. Backed to acid-free board and baked with a satin heat seal to provide a textured lustre finish, which acts as a surface protection barrier. Professionally framed in a classic black, real wood frame, backed, sealed and ready to hang. 80x51cm
