1979 MG Midget 1500

Registration No: EEA781T

Chassis No: GAN6214522G

Mot Expiry: Nov 2005

This late entered MG Midget is a 1500cc car, which was made in 1979. The right-hand drive sports car has a large history file, which may be inspected at our Documents Office at Buxton and which contains photographs recording a rebuild as well as sixteen previous MOT certificates, the latest current until November of next year.

The open two-seater, which has been finished in green and has black leather seats piped in green, runs and drives well, we are told, while both current cosmetic and mechanical condition is said to be excellent. The 85,429 miles displayed when entered is claimed by the vendor to be the genuine total mileage from new.
