H&H are indebted to the vendor for the following description:

'This very smart example has had only two owners from new, the first for over 10 years. Specified with the desirable Panoramic Roof which makes driving equally enjoyable with the roof up or down! The paintwork and interior are both in very good condition and the car drives as one would expect a low mileage Mercedes to drive, with no known faults. With only 67,000 miles covered and Main Dealer and Specialist History showing considerable expenditure over the years to maintain this lovely SL in top condition. Serviced and MOT'd last month and ready for the Summer!'
