 - 148000 miles
 - Book pack and 2 keys
 - Tow bar
 - Sunroof
 - Split screen TV
 - 4367cc Diesel with 8-speed Automatic gearbox
- The following has been provided by the Vendor :

"The Westminister is all very good. It will have 12 months MOT and was last serviced at 129,000. The majority of the servicing was done by Land rover. The body work is very good and there are no signs of any rust as far as I can see. It has never been involved in an accident during my ownership when I bought it at 17000 miles and cost £85,000. During my ownership the car has always behaved wonderfully with no niggles. It does have air suspension which works as it should."

Please note that the registration number displayed is not included in the sale.

The car was previously incorrectly listed with a guide price of £6000-£8000 . This has now been amended to the correct guide of £9000-£10000
