Harley Davidson was established in Milwaukee in 1903 and has gone on to become one of the world's most iconic and longest running motorcycle manufacturers. Harley epitomise large-capacity cruisers that many have tried to copy but have never managed to match Harley's image and prestige.

This excellent condition FLSTF Fat Boy Limited Edition was built to commemorate 95 years of Harley production from 1903 and has been in the same family ownership for a number of years. Number 3263 out of 3500 and only showing 460 miles on the clock it still has its original 95th Anniversary extras in place such as the Screen, Sissy Bar and commemorative badges. A beautiful looking bike finished in Black Cherry Pearl and Antique Cream set off against plenty of chrome. It comes supplied with the original owners manual and a current V5C.
