**1922 Matchless Model H Two owners since 1970**

**Registration No:** KE 9497

**Frame No:** KT/E5294/E

**Engine No:** KT/E5295/E

**CC:** 1000

**MOT:** Exempt

- This magnificent Model H combination was bought by its previous keeper in 1970 for £180
- The vendor acquired the Matchless during 2003 and like his predecessor has preserved rather than restored it
- Fired-up with fresh fuel and ridden by the seller during our recent photography visit, the bike sounded well
- A very rare machine in lovely condition which is either a much older restoration (pre-1970) or a well cared-for original
- Comes complete with a current V5c, continuation RF60 logbook, manuals, and its bill from 1970
- There is some slight rot in the sidecar wooden frame
