- Beautifully crafted utilising a Fenland Chassis and updated / enlarged 2002 Triumph Bonneville engine
- The engine was subject to a full overhaul by IDP Moto including a Norman Hyde 'big bore' kit to 904cc
- Gas flowed and refaced cylinder head, Norman Hyde heavy-duty clutch and springs and much more
- On top of all this, it also has been dyno'd to stage one with high-level exhaust pipes
- All electrics are in the dummy oil tank
- A great looking and well executed Custom Bobber complete with V5c
