1964 Ariel Metisse No Reserve

Registration No: Un-Reg

Frame No: NCW011

Engine No: A1115

CC: 500

MOT: Exempt

- Imported from America with duties paid and a NOVA certificate issued
- The Metisse frame was the brainchild of Don and Derek Rickman and built upon their considerable scrambles and motocross experience
- Metisse frames were predominatly fitted with BSA, Matchless and Triumph engines during the 1960s (as per the bike that Bud Ekins built for Steve McQueen)
- An older restoration which is holding up well
