**2000 Mercedes-Benz E240 Elegance No Reserve -
Single family ownership and 47,500 miles from new**

Registration No: W856 UGY

Chassis No: WDB2100612B116921

MOT: Sep 2022

- Current family ownership (father and daughter) from new and a warranted 47,500 miles
- Said to be 'highly original' and to boast an 'extensive service history'
- Finished in Alexandrite Green Metallic with Quartz Grey fabric upholstery and the 'Elegance' trim pack (10-hole alloys, air conditioning, electric windows etc)
- 2.4 litre V6 petrol engine allied to five-speed automatic transmission, MOT'd till Sep 2022

Styled by Steve Mattin under the guidance of Bruno Sacco, the second generation (W210) E-Class ushered in a new design language for Mercedes-Benz. Debuting in June 1995, its distinctive, quad oval headlight visage soon became a marque staple. While, careful wind tunnel profiling enabled the saloon version to boast a drag coefficient of just 0.27. Accumulating seventy plus awards for occupant safety, design, environmental compatibility and efficiency over the course of its seven-year production cycle, the W210 could be had with a range of straight-four, straight-five, straight-six, V6 and V8 engines allied to manual or automatic transmission. Customers could thus specify their E-Class as everything from a frugal, diesel-powered airport taxi through to a petrol-guzzling supersaloon.

Finished in Alexandrite Green Metallic with Quartz fabric upholstery, chassis B116921 was built to order 0921630782 and despatched on March 14th 2000. In the current family ownership (father and daughter) from new and warranted to have covered 47,500 miles, 'W856 UGY' is powered by a petrol 2.4 litre V6 engine allied to five-speed automatic transmission. Said to possess 'extensive service history', the Mercedes-Benz passed its last MOT test on 14th September 2021. There are some minor marks and dents to the bodywork, but the seller considers the E240 to be a 'low mileage, usable and presentable example for its age'.

PLEASE NOTE: Since the photos of this lot were taken the vendor has had Cheshire Dent Removal Ltd address the 'parking dings' to the rear doors and right front door.
