- 'Rolling Restoration' project described as being in regular use as an everyday classic hack and in running order.
- Upgraded with a vinyl roof, cloth-faced seating, Rostyle wheels, etc to bring it close to GLS Spec.
- Other sensible modifications include Stromberg 150 carb, oil cooler, towbar with electrics and a recent full set of Goodyear tyres, etc.
- Interestingly the London-issued 'AXD' registrations often appeared on Vauxhall press and publicity vehicles and it is intriguing to speculate that 'our Viva' has history yet to be discovered!
