- Formally owned by the late Geoff Davies past president of the VMCC
- Currently owned since 2007
- A rare model today and an ideal for pre 65 events
- V5c on file with paperwork
- This machine will need checking over before use

The Matchless G80 was a single cylinder 500 cc British motorcycle built by Associated Motorcycles (AMC) between 1946 and 1966. During the 1950s and 1960s, the main export product for AMC was the [AJS](#)/Matchless range – the road bikes were very similar, often with only the badges distinguishing one marque from the other; the equivalent AJS being the Model 18. The 'C' is for Competition.

Formally owned by the late Geoff Davies, past president of the VMCC. This G80C had been in the late gentleman's ownership since 2007. A quite rare model to find today, it is the ideal motorcycle for pre'65 events. There is a V5C on file and it is accompanied by some paperwork. The machine will require some checking over and possible recommissioning before use.
