- Offered with handbook and sundry paperwork
- Rare and attractive colour combination of Titanic Red with Grey leather interior
- Rated as 'very good' throughout by the vendor

PLEASE NOTE: The cherished registration number '8 GG' displayed in the images, is not included in the sale.

Mercedes-Benz launched the first generation W163 series M-Class on 19 February 1997. The M-Class was the first luxury SUV to feature electronic stability control, a system designed to detect loss of control and instantaneously intervene with selective braking to bring the vehicle back on its intended course and also boasted front- and side-impact airbags with advanced occupant detection for the front passenger seat, which helped earn the W163 the highest marks in insurance industry crash tests.

Supplied new to the United Kingdom and first registered on the 18th of June 2001, this ML-Class is fitted with the 4266cc M113 V8 engine allied to the five-speed automatic transmission, the Mercedes-Benz is finished in Titanic Red with Grey leather interior upholstery. Having just four former keepers from new, the ML 430 has covered approximately 68,878 miles from new (at time of consignment). Fitted with side and rear airbags, cruise control, the original over carpets and footrests in the rear (said by the vendor to be in great condition), a lockable safe, and a CAT6 tracker. The memory front seats are electric and heated and a set of 'Car Shades' courtesy screens for the rear are included. Offered with the owner's handbook and sundry paperwork.

Vendor Condition Ratings:
