Paintwork: 'Very Good'
Transmission: 'Excellent'
Interior Trim: 'Good'

Further Info:

The two-wheel drive Sapphire RS Cosworth offered has had six keepers to date, and is understood to have covered just over 67,000 well-documented miles. It is finished in Mercury Grey and trimmed in Grey Recaro cloth. The vendor has owned 'F252 L JN' since 2008. He is now offering the car with 'up to date stamped service history' plus 'invoices and previous MOT certificates' not to mention an 'extended warranty agreement from 1988 with the first owner's details'. This fast Ford had a major service in 2014 that included a new cam belt and is standard aside from Koni dampers and a period correct Alpine radio/cassette and boot-mounted CD changer.
