PLEASE NOTE: This Motorcycle has been entered from a deceased estate. It was mistakenly thought to have been road registered as 'JKB 210L' because that was the number listed on an accompanying V5C Registration Document. However, this number plate belonged to another GT750 that the late owner had as well and the V5C was given to us in error.

PLEASE NOTE: The Frame number is GT75080076 and not as quoted in the catalogue.

PLEASE NOTE: The Engine number is GT75086880 and not as quoted in the catalogue.

PLEASE NOTE: According to a Suzuki specialist the Frame and Engine numbers relate to a 1977 Suzuki GT750B.
