'VOF 59' is a genuine right-hand drive UK specification SL manufactured in 1967. Its original colour was apparently Papyrus White. The change to the current Metallic Blue was made around 20 years ago and the interior retrimmed in Blue at the same time. Other amendments include a conversion to run on unleaded fuel and the removal of the soft-top so proper rear seating could be installed for the previous owner's children - a hood is not included in the sale. The car has been maintained by a Mercedes-Benz specialist for the last 25 years and is being sold complete with sundry invoices for servicing and other work carried out. There is also an MOT certificate valid to October 21 next year.
