**1935 Austin Seven Pearl Cabriolet**

**Registration No:** AOY 638

**Chassis No:** 208180

**Mot Expiry:** Feb 2015

The Ruby model represented an important stage in the development of the ubiquitous Austin Seven, the Cabriolet version of which was entitled Pearl. This delightful 1935 example finished in Red over Black and trimmed in Red Rexine is believed to have undergone a 'chassis up' restoration in the late '80s. The vendor still regards the bodywork, paintwork, interior trim, engine and gearbox as all being in 'good' order and intends 'AOY 638' to have a fresh MOT by sale time.

**PLEASE NOTE:** This vehicle has an MOT until February 2015.
