1963 Chevrolet Corvette Sting Ray Convertible

Registration No: BOF 52A

Chassis No: 30867S105931

Mot Expiry: July 2014

This most eye-catching and technically correct of 'vettes was apparently treated to a body-off 'Best-Of-Show' restoration as little as 200 miles ago. It is presented in an eye catching combination of Daytona Blue Metallic paintwork, Tan interior trim and a Beige hood. A matching numbers car, it is powered by its original 340bhp 5.4-litre V8 engine that drives through the equally original Muncie M20 four-speed manual gearbox to a 3.36:1 Positraction rear axle. The specification includes a Custom Autosound AM/FM radio and knock-off alloy wheels shod with Coker Classic Gold-Line radial tyres. The vendor presently classes the Chevy's engine and interior trim as 'excellent' and the bodywork, paintwork and transmission as 'very good'. He further informs us that 'everything works, there are no mechanical issues, the body is perfect with no chips or waves and the car has an extremely nice interior'. 'BOF 52A' is taxed and MOT'd until the end of July 2014.
