

## The Pavilion Gardens (136)

Wed, 24th Jul 2013, The Pavilion Gardens

### Lot 10

**Estimate:** £12000 - £14000 + Fees

**1966 Marcos Mini**

**Registration No:** 782 MAF

**Chassis No:** 6106

**Mot Expiry:** June 2014

Described by the vendor as "a unique opportunity to own arguably the most genuine Mark I available" and one of just 150 produced, '782 MAF' was manufactured by Marcos Cars Ltd in 1966 and supplied in kit form to a gentleman in Cheddar, Somerset who built the car but never road registered it. Purchased by Marcos Heritage Spares several years ago, the car was recommissioned and subsequently registered for road use. Described by the vendor as "completely original", it features the correct dashboard, original Mini Marcos seats and original bodywork. He further informs us that '782 MAF' is eligible for historic racing and is in "good" overall condition noting only a few minor defects in the bodywork and paintwork. Reported to have covered only 150 miles on the road, the mileage currently showing on the odometer is not correct. Finished strikingly in blue and orange with black interior, this rare survivor is offered with MoT valid until June 2014 and (free) road fund licence to October 2013.
